[FREE CHECKLIST]

Is my child ready to read?

Eight things many children show before reading clicks. Tick what you notice this week.

- [ ] Enjoys being read to and asks for favourite books
- [ ] Knows a book goes front to back, and words go left to right
- [ ] Recognises a few letters, often the ones in their own name
- [ ] Notices words that rhyme, like cat and hat
- [ ] Can hear the first sound in a word: “sun starts with sss”
- [ ] Retells a short story in their own words
- [ ] Points at signs and asks what they say
- [ ] Can stay with a book for a few minutes

Every child is different. A few empty boxes is normal. These are things to enjoy together, not a test.
